THE SUBJECT OF BISHOP PARTRIDGE'S SUNDAY LECTURE.

MUCH LIKE THE INDIAN

The Language a Queer Combination of Chinese Tongues and Double Negatives Plentiful.

The financial side of the Chautauqua has been a success this year, considering the stormy weather. The total cash receipts on deposit amount to $3,950, $1,353 of that being the receipts from ticket sales at the gate. Sunday's ticket sale was by far the largest of the session, amounting to $433. Cash receipts now on hand, but not counted, will probably bring the total up to $4,100.

The expenses of the Chautauqua will be close to $4,000. It is impossible to tell at the present time whether there will be a gain or a loss. At the most it cannot vary over $100 either way.

Estimating from the number of season tickets, gate sales and children, Sunday evening's attendance is placed at 4,000, or the biggest crowd ever in attendance at a Chautauqua here.

Bishop Partridge of Kansas City give his second lecture on the Orient Sunday afternoon, his subject being "Some Glimpses of Japan." Although Sunday was one of the most sultry days of the session, Bishop Partridge had no trouble in holding the attention of his audience. The whole lecture was as characteristic and unconventional as was the one on China.

As we call China by a name of our own manufacture, so we call Japan by a Chinese name entirely foreign to the Japanese language. The real name of Japan is Nippon, and means Land of the Rising Sun.

Bishop Partridge traced the origin of the Japanese to Mesopotamia, the land from which so many people migrated thousands of years ago. The Japanese are a war-like people, and not being able to settle down to pastoral pursuits in what is now China, they crossed from the mainland to the islands, leaving the agriculturally inclined portion of their race behind to grow into the Chinese.

The Japanese very closely resemble the American Indian, and it is now conceded that the two races are akin. There is possibility and probability that a portion of the Japanese crossed the Pacific in canoes by following the ocean current which flows to the coast of Oregon. The many islands along this route make it possible to obtain food for the entire voyage. This relationship beween Indian and Japanese is further strengthened when it is seen that the Japanese tales of folklore are similar to Longfellow's "Hiawatha," the thoughts and incidents being exactly parallel, page after page and line after line.

Bishop Partridge said that if the Chinese language was hard the Japanese tongue was almost an impossibility. In the first place, they speak one tongue and write another. The written language is not only taken from the Chinese, but from two kinds of Chinese. The language is made up of fifty syllables, each word has a vowel ending, and there is no limit to the way in which syllables can be put together to make long, original words. There is no subject in the Japanese language. The verb plays an important part, and every sentence begins with the object. Bishop Partridge gave a few interesting examples of the language. The Japanese expression for "you" is "opposite side of the rice patch," for "I" it is "selfishness." Everything is divided into two classes, honorable and dishonorable. Hot water is honorable, cold water is dishonorable. The Japanese use the double negative, and when Bishop Partridge would ask his servant, "Is there any food in the pantry?" the answer would be, "The nothingness of the food is non-existent."

Bishop Partridge went on to speak of many Japanese characteristics, each as interesting as the others, but they are too numerous to mention.

Speaking of that great Japanese institution, the bath, he said that it lasted from 5 o'clock in the evening until midnight. The water is very hot and is never changed, but is used by everyone. In winter the extremes of the bath room are very great, for while the water in the tub is almost boiling, there is ice on the floor an inch thick.

Bishop Partridge sees a great future for Japan, and he is particularly proud of the high place among nations which the United States has recently taken among the Orientals, due to the around the world trip of the great American navy.

The largest crowd that has attended a Maryville Chautauqua was present Sunday night to hear Mrs. Lula Tyler Gates, the great reader, in her presentation of "The Melting Pot," the play that has met with phenomenal success in the best theaters in the cities in the past two seasons.

Mrs. Gates arrived on the 7:11 Wabash, after a sixteen-hour ride, and had had scarcely anything to eat all day, but she presented the heavy drama with marvelous power. She is Maryville's favorite reader, and she said last night as she came on the platform that it was the largest Chautauqua audience she had ever spoken to, adding:

"It almost gives me stage fright, for I can see nothing but people whichever way I look."

The Mendelssohn male quartet of Chicago pleased very much with their music. All are fine looking young men and they have excellent voices. The numbers on the afternoon program were "Lead, Kindly Light," by Dudley Buck; scenes from childhood: "The Elf Man," "Summer's Lullaby," "The Beautiful Red Drum;" violin duet number, "Vavaleira Rusticana;" "Stars and Stripes Forever," "Abide With Me," barcarole from "Tales of Hoffman," "Boys of the Old Brigade."

The evening numbers were "O Hail Us, Ye Free," "The Frog Party." Two piano numbers that were fine, "Staccatto Caprice," by Max Vanberg, and "The Lark's Song," by Chikowsky; "The Mighty Deep," by Judge, "The Man from Missoula," "The Big Drum Major," and "Harmony," a monologue.

Camp Notes.

Funny, isn't it? Manager Landon put bed time an hour later Sunday night and told everybody to sing and have a good time until midnight. At 11 o'clock it was almost quiet, and thirty minutes later nearly everyone was asleep. In only one or two tents was there any wakefulness, and it did not disturb anybody.

Everyone was so tired and so sleepy that the only good time to be had was in sleep.

However, a number of industrious persons felt it necessary to get up early this morning and left 5 o'clock calls. Steve Viles had a hard time getting them up, but when they were roused they forgot their important business downtown and began to wake everyone else. Pillows, ice water, shoes, screams, and words flew back and forth, while tents, tired from ten days of duty, suddenly and quietly sank in upon the occupants.

* * *

How do they take the big tent down? where do they start? some people have asked. Listen, this is the way it's done: First all of the quarter poles are taken down. The quarter poles are the middle-sized ones. Then the canvas is let down from the center poles by block and tackle. Next the small poles are taken out, ropes and stakes pulled up, the canvas is unlaced and rolled into eleven big, neat bundles, and the center poles are taken down last. Easy, isn't it?

A lucky accident occurred in the taking down of the tent this morning. When quarter poles were removed the weight of the canvas broke the hooks which held it to one of the center poles. The sudden drop of that part of the canvas to the ground almost snapped the other center pole in two, and it was only by quick work on the part of the tent men that a smashup was avoided.

Misses Ethel, Golden and Vera Wells and Miss Opal Edwards entertained at their tent in Chautauqua camp Sunday at dinner Miss Margaret O'Donnell, Mr. James Felix, Mr. Sherman Montgomery and Dr. Jesse Wallace.

The hostesses of Camp No. 13 at Chautauqua park entertained with a farewell theater party and luncheon at Reuillard's Saturday night in honor of Miss Agnes Emberson, who left on Saturday night for her home at Columbia, Mo., after a few weeks' visit as the guest of Miss Bessie Brown and Miss Emma Kildow. Those in the party were Miss Emberson, Misses Brown and Kildow, Floy Lyle, Ivy

WOOD GAULDING DREW A PENITENTIARY SENTENCE.

SPECIAL TERM OF COURT

Allowed to Go Under Parole—Appeal Granted in Cox Case—Church Incorporated at Cylde.

An adjourned term of circuit court was held Monday, with Judge Arch B. Davis of Chillicothe as special judge, and Wood Gaulding, who has been in the county jail for a year or so, appeared in court and pleaded guilty and was given a sentence of two years in the penitentiary, but a new trial was granted, and he has been in jail since.

Gaulding was charged with grand larceny, or breaking into a box car at Ravenwood. His brother, James Gaulding, received a five-year term in the penitentiary, having been convicted of the crime at the February term.

The conditions of the parole as given by Judge Davis were as follows: Not to violate the law again, to keep good and respectable company and no evil associations; secure employment with some lawful concern; not to visit a saloon, club room, pool or billiard hall, gambling room or any other resort; not to loaf about a public place; not use intoxicating liquor or cigarettes, and to give a report at each term of court. Gaulding will have to give satisfactory evidence of living up to the terms and conditions of the parole at each term. The bond was fixed at $500.

Incorporation papers were filed Monday by the M. E. church of Conception Junction, and they will probably be taken up Friday by Judge Ellison. They desire to form a religious corporation, and the following are the names of the board of trustees: E. L. Lewis, Dora E. Ritchie, Elias Roof, John O. Coffman, Minnie Thomas.

Judge Davis granted an appeal to the Kansas City court of appeals in the case of the city of Maryville vs. John B. and Emma C. Cox, a paving tax bill case. The case was recently decided in favor of the defendants by Judge Davis, and there are seven more paving tax bill cases that will abide by the result of the Cox case. The appeal was taken by the plaintiffs.

Court adjourned Monday afternoon to Friday, when Judge Ellison will be on the bench and will take up several matters.

A Long Time Resident of Maryville Died Sunday Evening—Funeral Srvices Tuesday.

Mrs. Sarah Evans, a well known resident of this city, died at her home Sunday evening, 609 North Fillmore street, after a five weeks' illness, caused by a stroke of paralysis.

They came to Nodaway county to live in 1883, settling on a farm four miles west of the city, where Mr. Evans' death occurred in 1885. Mrs. Evans continued to live on the farm until 1896, when she moved to Maryville and had since made her home here. Nine children were born to them, all of whom grew to manhood and womanhood. The youngest child, Bert Evans, died in 1893 in Nebraska. The eldest, Mrs. Parley Jones, died at her home, near Ravenwood, in 1895. Her sixth child, Jacob Evans, died June 27, 1912, in Butte, Mont. The other children living are James W. Evans of Bedison, Oliver B. During the pastorate of Rev. C. M. Chilton, she united with the Christian church of this city, and had been a faithful member.

SHOULD HAVE CLEAN SHOWS.

President Taylor Suggests That a Committee Be Appointed to Examine Shows Here.

Dr. H. K. Taylor, president of the State Normal, spoke at the First M. E. church on Sunday morning, urging a general cleaning up of the city. Besides suggesting that the weeds be mowed and the yards and streets be kept clean, he spoke of a clean-up of the city in other ways, such as picture shows that are indecent and such shows as are generally at a street fair.

In speaking of the shows at the street fair, he said that last year there were many attractions here that should not have been permitted at all. He suggested that a committee of representative citizens be appointed to examine the shows at the street fair to be held this year, and if any are found indecent they should be put out of town immediately. In talking of the picture shows, he said that there were many good pictures being shown here, according to what other people were saying. But that there were also pictures that should not be permitted at all, and that the people should be careful about permitting pictures to be shown that are the least way suggestive of wrong doing.

The remarks of President Taylor were well received by the audience that heard him.

Mayor Robey, who is president of the street fair association, when told about President Taylor's talk, said:

"There will be no indecent show at the street fair this year. I will be glad to have a committee appointed to examine shows that will be here, and I will do everything I can to see that none but shows that are first-class will be permitted here. I am going to have it so that every person can take his family to every attraction on the grounds."

APROPOS

Of a News Item in Saturday Afternoon's Paper.

"Aha!" said the spectator, as he sleuthed about town watching for the unusual. "This is indeed wonderful. The ordinary man never sees these little things of human interest. It is only the trained eye of the expert, the genius that glimpses and understands these little happenings. I must make a note of this.

"One house being built with a crockery foundation. The use of hollow tile a feature of the present building age. The first use of hollow tile in Maryville."

A wonderful perception is that of the spectator. Rather conservative in his statements, too, considering the fact that hollow tile construction was used throughout an entire house in Maryville four years ago.

A BRIDE AND GROOM

ARE VISITING RELATIVES AND FRIENDS IN NODAWAY COUNTY.

DR. AND MRS. J. E. KRAFT

Now on Honeymoon Trip—Have Been to New York and Will Complete Their Tour at Denver.

Dr. and Mrs. J. E. Kraft of Albuquerque, N. M., arrived in Maryville Sunday for a few days' visit here and at Quitman with Dr. Kraft's brother, James Kraft and other relatives. Dr. Kraft was formerly a resident of this city, having practiced dentistry here for a number of years, and is well remembered by many. He has been at Albuquerque for the past nine years, or ever since he left Maryville.

Dr. Kraft was married July 31 at Hinton, Ia., to Miss Elizabeth Schneider, and the young couple are now taking their moneymoon trip. They arrived in Maryville from New York City and will go from here to Denver and Colorado Springs.

The Albuquerque Journal of a recent issue, in speaking of Dr. Kraft's marriage, said:

An interesting bit of news to society, business circles in general and professional circles in particular, concerns the marriage of Dr. J. E. Kraft of this city to Miss Elizabeth Schneider of Hinton, Ia., at that place a week ago Wednesday.

Dr. Kraft's many friends in this city had no inkling of matrimonial proceedings and will be greatly surprised to know the well known dentist is honeymooning in New York at this time. His bride spent some months in Albuquerque last winter with her father and mother and a younger sister, returning to their home in June. Just a few weeks later the mother, for the benefit of whose health the family had wintered in this city, died, so the marriage of Miss Schneider and Mr. Kraft was a very quiet affair, and the couple left Hinton immediately for a trip to New York, after which they will visit Denver and Colorado Springs, expecting to return to Albuquerque early in September.

Dr. Kraft is prominent in this city, a leading dentist and largely interested in real estate. His bride is a charming girl and made a number of friends during her stay here, who will be glad to welcome her as Mrs. Kraft.

THE DEFENDANTS WON.

Judge Davis Here Monday Informed Attorneys of Decision in Conway-Robinson case.

Judge Arch B. Davis of Chillicothe was in Maryville Monday sitting as special judge in a number of cases. He informed the attorneys interested in the case of Mrs. Richard Conway vs. F. P. Robinson and Mrs. Theodore Robinson for dower rights, which was tried before him a few months ago, that he had decided the case in favor of the defendants, and that his official decision would be given at Gallatin next Monday, where he will hold court. The case was a very important one, as it is estimated that it involved about $40,000.

An appeal by the plaintiff's attorneys will be taken to the supreme court. The attorneys for the plaintiff were Fred Harvey, William G. Sawyers and M. E. Ford, and for the defendants F. P. Robinson and Cook, Cummins & Dawson.

Will Sail Wednesday.

Rev. and Mrs. Joel B. Hayden will sail from New York at 1 o'clock Wednesday morning for Poland. Mrs. Hayden, formerly Miss Hazel Petty of this city, will receive a budget of letters from a large number of Maryville friends when she boards the steamer Martha Washington of the Austro-American line, on which they will make the ocean trip. The letters were mailed from Maryville on Saturday, and each one contains a date for opening, so she will have letters to read each day on the boat. They will be nine weeks on the water.

Mrs. E. A. Rask of Chicago is visiting her mother, Mrs. S. F. McCrary.

HAS THREE RINGS.

Under the Largest Tent Ever Constructed, Yankee Robinson Presents Great Performance.

The Yankee Robinson circus is just as big as it can get. It has three rings and two elevated stages—and that is as large as any circus can grow in this day and age. The entire performance is given in the three rings and the stages—is presented in such a manner that no matter at what angle you are seated in the canvas you can see every act—sometimes fifteen of them going on at one time—with perfect ease. The Wild West performance takes place on the race track, so that every part of this performance passes you from two to three times.

The big show will appear at Maryville on Thursday, August 29.

CONGRESS MAY END THIS WEEK

Some Important Legislation Remains to be Acted Upon.

EXPECT TO FINISH BY THURSDAY

Date Depends Largeely Upon Mr. Taft's Attitude Upon Canal and Appropriation Measures—Agreement on Naval Bill Expected.

Washington, Aug. 19.—Important legislation that must be acted on before congress adjourns stands as follows:

Panama canal bill, before the president. Legislative, executive and judicial appropriation bill, approved by the house and now before the senate. Naval, sundry civil and army appropriation bills, in conference. General deficiency appropriation bill, before the senate committee. Indian appropriation bill, conference report pending in the senate.

Up to President.

While adjournment is expected this week, the date is generally conceded to depend upon the president's attitude toward the Panama canal bill and the legislative, executive, judicial appropriation bill. His veto of the latter measure last week was based upon its provisions for the abolishment of the commerce court and the establishment of a 7-year tenure in the civil service, and the house has again risked the veto by passing the measure with the commerce court provision in it. The senate will determine early in the week whether it will indorse the measure in this form.

Leaders of both houses are confident the remaining work on the overdue appropriation bill could be disposed of in three days were the contingencies of the presidential veto removed.

Opposes Free Canal Toll.

The president has made it clear to members of both houses that he does not favor the free toll provision of the Panama canal bill, but he has not as yet asserted a purpose to veto that measure.

This far congress has not succeeded in overriding any of the president's vetoes, and it is not considered probable that either the legislative appropriation bill or the Panama canal bill could be repassed by a two-thirds vote if vetoed this week.

Ask Compromise on Naval Bill.

The house asked the senate to compromise the naval fight on a one battle ship basis, and an agreement on the naval bill is expected immediately. Other measures will not take much time. The senate will take up the 6-year presidential term resolution, the uniform bill of lading measure and the bureau of labor bill this week. All legislation, aside from appropriation bills probably will be laid aside, however, in the desire to complete the session by Thursday, or at least by the end of the week.

EARTHQUAKE ROCKED ARIZONA

Heavy Shock at Williams Was Felt Over Radius of 100 Miles—No Lives Lost.

Albuquerque, N. M., Aug. 19.—Williams, Ariz., 400 miles west of Albuquerque, was severely shaken by an earthquake shock. The shock lasted from 2:05 to 2:10 o'clock. Buildings rocked on their foundations, windows and crockery were broken and the inhabitants of the town were greatly frightened. Shocks were felt as far east as Winslow, 100 miles. Holbrook, another town nearby, also was severely shaken. No lives were lost as far as is known.

FAT FEE FOR ASTOR PHYSICIAN

New Baby Means Payment of Approximately $45,000 Before Doctor's Services Are Ended.

New York, Aug. 19.—If reports are true, John Jacob Astor VI is the most expensive baby ever brought into the world. Gossip among physicians is that Dr. Edwin Bradford Craigin, who is responsible for the safe advent of the baby, is receiving $1,000 a day while in attendance on Mrs. Madeline Force-Astor and her young son. It is estimated that the doctor will get a fee of about $45,000 before his services are ended.

Would-Be Suicide Lost Nerve.

Guthrie, Ok., Aug. 19.—Meed Ralston, the confessed murderer of his stepmother at Helena, several weeks ago, said he intended committing suicide about two weeks before the murder, but after removing his shoe and placing the rifle against his breast, his nerve failed him because his heart fluttered and frightened him. He is being held in the Alfalfa county jail at Cherokee for trial in November. It is believed he is insane.

No State Ticket.

Little Rock, Ark., Aug. 19.—At a meeting of the state central committee of the Progressive party here it was decided not to nominate candidates for state or county offices, but to confine all efforts to getting votes for the presidential electors nominated by the party.

NOT THROUGH WITH DARROW

ACQUITTED LABOR LAWYER MUST FACE SECOND TRIAL.

District Attorney Announces That Second Indictment Will Be Prosecuted at Once.

Los Angeles, Aug. 19.—Clarence S. Darrow, the Chicago lawyer, who was found not guilty on the charge of having bribed a prospective juror in the McNamara case, must stand trial on a second indictment. This announcement was made by District Attorney Fredericks immediately after the acquittal.

Mr. Darrow was deluged with telegrams from all parts of the country, which began pouring in within an hour after the verdict had been given. They came from labor organizations, leaders of organized labor, intimate friends and unknown admirers. Most of them were from Chicago, the scene of most of his professional activities for a quarter of a century.

Mr. Darrow's attorneys expressed incredulity when informed that there would be a trial on the Bain indictment. They asserted that all of the evidence in the Bain case had been submitted in the trial just ended.

Two o'clock has been fixed for the setting of the trial of the second indictment against Darrow—that charging complicity in the attempt to bribe Juror Bain. Mr. Darrow announced that he would make no plans for the future before that date.

The jury that acquitted Darrow was composed chiefly of ranchers, a third of its members being orange growers, and a majority of the twelve independently wealthy.

OPEN HOSTILITIES IN KANSAS

Mimic War Begins, With 6,000 Troops in Field—To End in Great "Battle."

Fort Leavenworth, Kan., Aug. 19.—With 6,000 troops in the field, supplied with thousands of rounds of blank ammunition which will be used when the Red and Blue armies meet, the biggest mimic war ever held in this state began today. The maneuvers will continue for ten days.

It is known that there will be a spectacular "battle" in which all forces will take part, near the Soldiers' home on August 27. In this engagement men will be "killed" and "wounded" and technically buried or take nto hospital tents. The tag system will be used to identify the dead and wounded. Tags will also be used during the maneuvers to distinguish bridges that have been technically destroyed. When the enemy reach one of these, they must find some other means of crossing.

Infantry, cavalry, artillery, engineers, signal corps, ambulance companies—every branch of the army will be represented in the warfare. The engineers will be called upon to do the most extensive work ever undertaken by this branch of the army in maneuver work in the West. As the engineers battalion at Fort Leavenworth holds the world's record for building and tearing down pontoon bridges, some clever work can be expected of them on the march from Merriam to Leavenworth. The signal corps are supplied with the latest in wireless telegraph and wig-wagging apparatus, and these will be used to a great extent during the maneuvers.

MICHIGAN STORM KILLED TWO

Terrific Electrical Outburst at Niles Raged Continuously for Twenty-Four Hours.

Niles, Mich., Aug. 19.—Two men are known to be dead and property damaged to the extent of many thousands of dollars as the result of a terrific rain and electrical storm which struck Niles and raged continuously for twenty-four hours. Train service of the Michigan Central railroad to and from Chicago was wrecked, and no trains will be running on schedule for 24 hours. Other roads also sustained damage. Several freight cars were washed into the St. Joseph river.

Herman Villwock and Otto Feather were killed by lightning while standing in Feather's barn. C. W. Hushower of South Bend was struck by lightning and injured severely. Three men who were with him were uninjured.

Loyal Order of Moose Convention.

Kansas City, Mo., Aug. 19.—The supreme convention of the Loyal Order of Moose opened here today with delegates present from 1,100 subordinate lodges located in every state in the Union except one, Canada, Hawaii, the Philippines, Canal Zone, Peru and Germany. The membership of the order is now nearing 400,000. Probably the most important legislation to be enacted at the convention will be for the establishment of a Moose university devoted to industrial education and scientific farming. Arthur H. Jones of Indianapolis is the supreme dictator.

Confederates to Warrensburg.

Liberty, Mo., Aug. 19.—Warrensburg was selected for the next state reunion of the Confederate veterans, to be held September 26 and 27. The naming of the place for the meeting was made by Maj. Gen. J. W. Towson of Shelbina, Mo., W. H. Ferris of Paris and Will Hall of this city. The reunion was held last year at Lexington.

SOMETHING NEW IN POLITICS

Acting Chairman of Democratic Party Springs Unique Plan.

WANTS OTHER PARTIES TO JOIN

Proposes to Keep Card Index Record of Expenses, to Be Made Public—Banks to Receive and Check Out Cash.

Seagirt, N. J., Aug. 19.—The Democratic national committee proposes to show that it is possible to take an honest record of expenditures and that it is an absurdity in politics that campaign managers rely chiefly on members for records of such expenditures. To prove the proposition the national committee has installed in headquarters in New York under the direction of T. P. Artaud, a bureau which will operate such a system of accounting that when the campaign is wound up there will be shown in duplicate, both in New York and Chicago headquarters, a complete record showing every dollar spent in the campaign, how it was spent and to whom it was paid.

Two Vouchers for Every Item.

The important feature of the system is that there will be two vouchers for every item of expenditure and each voucher will pass through its separate channel, so that each will be a check against the other. There will not be a chance for an item to escape the record. The system will be based on a budget that has been worked out pretty well as to the approximate cost of the campaign. It is expected there will be something between $500,000 and $1,000,000 spent in the campaign.

There will be a similar system installed in the Chicago headquarters of which Joseph E. Davis will have the direction. It is claimed for the system that it makes for the greatest measure of efficiency and economy. A model of the system hangs on the wall in national headquarters in New York and it shows that the speakers' expenses, the number of miles charged for, the pay of every employe and where every small item of cost will be covered by the duplicate voucher plan. When the campaign work ends it will be a most scientific record of the expenditures.

Same for All Parties.

Banks and trust companies throughout the country are to be asked to receive and transmit to their proper source subscriptions to the campaign funds, not only the Democratic, but of the Republican and Progressive parties.

The idea that the popular subscription movement was directly in the line of freeing presidential campaigns "from the suspicion of sinsister influences" is expressed by Mr. McAdoo, who urged the need of convenient and responsible agencies for the receipts of subscriptions and asked the banks and trust companies to perform the service.

TEN EYCK RESIGNS FROM K. S. A. C.

Was First Head of Agronomy Department and Organized Work in Farm Management as Now Taught.

Manhattan, Kan., Aug. 19.—The Kansas Agricultural college is to lose another one of its valuable men. A. M. Ten Eyck, superintendent of the Fort Hays experiment station, has resigned. The resignation, to take effect January 1, next, was accepted by the regents of the college. Until his successor is chosen G. K. Helder, assistant superintendent of the Hays station, will be in charge there.

Mr. Ten Eyck was the first head of a department devoted solely to soils and crops. To him belongs much of the credit for building up this department to its present usefulness to Kansas farmers. He also organized the work in farm management and farm mechanics now taught at the college.

Sights 50 Icebergs.

New York, Aug. 19.—More than 50 icebergs were sighted near Newfoundland by Captain Amundsen of the steamer Ragnarck, which docked here. Captain Amundsen said he counted 30 bergs stranded on the Newfoundland coast between Notre Dame bay and St. Johns, N. F.

KANSAS PRIMARY VOTE IS COUNTED

Stubbs and Thompson Are Nominees for U. S. Senate.

"WET" CANDIDATE IS DEFEATED

Hodges Beat Billard for Democratic Nomination for Governor, by 8,787 —Capper Vote in Many Counties Twice That of Ryan.

Topeka, Kan., Aug. 19.—Senator Charles Curtis has a popular majority of 676 over Governor Stubbs and Hugh Farrelly has a popular plurality of 1,572 over W. H. Thompson. But Stubbs and Thompson have the Republican and Democratic nominations for United States senator. Stubbs carried 101 legislative districts and Curtis 64. Judge Thompson has 76 districts and Farrelly 74, Bond six, Allen eight. One senatorial district, Sumner, is a tie in the Democratic primaries.

Governor Stubbs had a total popular vote of 57,832 and Senator Curtis had a total popular vote of 58,508. Hugh Farrelly had a total vote of 19,241, while Thompson has a total of 17,669.

Three Counties Still Out.

The official figures on all the counties of the state have now been obtained. There are three counties still missing from the office of Charles Sessions, secretary of state. They are Linn, Chautauqua and Trego, but the gures on governor and United States senator for both the Republican and Democratic parties were obtained by telegraph and added.

Party Vote Shifted.

The figures show a remarkable loss in the Republican vote and a big gain in the Democratic vote. The Republican vote was 21,455 smaller than two years ago while the Democratic vote was 19,557 more than that of two years ago.

On account of the extraordinary interest in the Stubbs-Curtis fight this year it was expected that the Republicans would beat all previous primary records and poll at least 150,000 votes, but the Republicans did not go to the polls. On the Democratic side the senatorial and governorship fights were expected to bring out an increased vote, and they did, as is shown by the 14,000 increase in the totals of that party.

Charles Sessions, Republican candidate for secretary of state, had no opposition and he polled the largest Republican vote, 87,831.

Hodges Won by 8,787.

Hodges beat Billard for the Democratic nomination for governor by a plurality of 8,787, and he has almost as much plurality as the total vote given A. M. Jackson, the third candidate in the race. Hodges polled a total of 29,293; Billard, 20,506, and Jackson, 10,672.

Arthur Capper beat Frank Ryan for the Republican nomination for governor by 47,297. Capper polled 81,513 votes and Ryan 34,216. Ryan carried only one county, Leavenworth, and in many counties Capper's vote was twice and in a few instances three times that given Ryan.

RUNAWAY AT CLYDE.

Dan McQuinn and Family Hurt While On Their Way to Church Sunday Morning.

As Dan McQuinn and family were driving to church Sunday morning about 10 o'clock from their home, two and a half miles east of Clyde, they met an automobile at a corner near town, driven by George Weiderholt, who was returning to his home in the same neighborhood with McQuinn. Neither driver saw the other until they were nearly onto each other. In trying to guide his horses to one side, the horses made a quick turn and turned the buggy over, and Mr. McQuinn and family were dragged in the buggy top. Mrs. McQuinn suffered three broken ribs and a gash under one eye. Mr. McQuinn's back was badly wrenched and his head hurt. Their three children were with them, and the 3-year-old boy was the only one injured. They were cared for by Dr. Stuckle and taken to their home.

DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 3. MARYVILLE, MISSOURI, MONDAY, AUG. 19, 1912. NO. 66.

THE PEOPLE OF JAPAN

THE SUBJECT OF BISHOP PARTRIDGE'S SUNDAY LECTURE.

MUCH LIKE THE INDIAN

The Language a Queer Combination of Chinese Tongues and Double Negatives Plentiful.

The financial side of the Chautauqua has been a success this year, considering the stormy weather. The total cash receipts on deposit amount to $3,950, $1,353 of that being the receipts from ticket sales at the gate. Sunday's ticket sale was by far the largest of the session, amounting to $433. Cash receipts now on hand, but not counted, will probably bring the total up to $4,100.

The expenses of the Chautauqua will be close to $4,000. It is impossible to tell at the present time whether there will be a gain or a loss. At the most it cannot vary over $100 either way.

Estimating from the number of season tickets, gate sales and children, Sunday evening's attendance is placed at 4,000, or the biggest crowd ever in attendance at a Chautauqua here.

Bishop Partridge of Kansas City give his second lecture on the Orient Sunday afternoon, his subject being "Some Glimpses of Japan." Although Sunday was one of the most sultry days of the session, Bishop Partridge had no trouble in holding the attention of his audience. The whole lecture was as characteristic and unconventional as was the one on China.

As we call China by a name of our own manufacture, so we call Japan by a Chinese name entirely foreign to the Japanese language. The real name of Japan is Nippon, and means Land of the Rising Sun.

Bishop Partridge traced the origin of the Japanese to Mesopotamia, the land from which so many people migrated thousands of years ago. The Japanese are a war-like people, and not being able to settle down to pastoral pursuits in what is now China, they crossed from the mainland to the islands, leaving the agriculturally inclined portion of their race behind to grow into the Chinese.

The Japanese very closely resemble the American Indian, and it is now conceded that the two races are akin. There is possibility and probability that a portion of the Japanese crossed the Pacific in canoes by following the ocean current which flows to the coast of Oregon. The many islands along this route make it possible to obtain food for the entire voyage. This relationship beween Indian and Japanese is further strengthened when it is seen that the Japanese tales of folklore are similar to Longfellow's "Hiawatha," the thoughts and incidents being exactly parallel, page after page and line after line.

Bishop Partridge said that if the Chinese language was hard the Japanese tongue was almost an impossibility. In the first place, they speak one tongue and write another. The written language is not only taken from the Chinese, but from two kinds of Chinese. The language is made up of fifty syllables, each word has a vowel ending, and there is no limit to the way in which syllables can be put together to make long, original words. There is no subject in the Japanese language. The verb plays an important part, and every sentence begins with the object. Bishop Partridge gave a few interesting examples of the language. The Japanese expression for "you" is "opposite side of the rice patch," for "I" it is "selfishness." Everything is divided into two classes, honorable and dishonorable. Hot water is honorable, cold water is dishonorable. The Japanese use the double negative, and when Bishop Partridge would ask his servant, "Is there any food in the pantry?" the answer would be, "The nothingness of the food is non-existent."

Bishop Partridge went on to speak of many Japanese characteristics, each as interesting as the others, but they are too numerous to mention.

Speaking of that great Japanese institution, the bath, he said that it lasted from 5 o'clock in the evening until midnight. The water is very hot and is never changed, but is used by everyone. In winter the extremes of the bath room are very great, for while the water in the tub is almost boiling, there is ice on the floor an inch thick.

Bishop Partridge sees a great future for Japan, and he is particularly proud of the high place among nations which the United States has recently taken among the Orientals, due to the around the world trip of the great American navy.

The largest crowd that has attended a Maryville Chautauqua was present Sunday night to hear Mrs. Lula Tyler Gates, the great reader, in her presentation of "The Melting Pot," the play that has met with phenomenal success in the best theaters in the cities in the past two seasons.

Mrs. Gates arrived on the 7:11 Wabash, after a sixteen-hour ride, and had had scarcely anything to eat all day, but she presented the heavy drama with marvelous power. She is Maryville's favorite reader, and she said last night as she came on the platform that it was the largest Chautauqua audience she had ever spoken to, adding:

"It almost gives me stage fright, for I can see nothing but people whichever way I look."

The Mendelssohn male quartet of Chicago pleased very much with their music. All are fine looking young men and they have excellent voices. The numbers on the afternoon program were "Lead, Kindly Light," by Dudley Buck; scenes from childhood: "The Elf Man," "Summer's Lullaby," "The Beautiful Red Drum;" violin duet number, "Vavaleira Rusticana;" "Stars and Stripes Forever," "Abide With Me," barcarole from "Tales of Hoffman," "Boys of the Old Brigade."

The evening numbers were "O Hail Us, Ye Free," "The Frog Party." Two piano numbers that were fine, "Staccatto Caprice," by Max Vanberg, and "The Lark's Song," by Chikowsky; "The Mighty Deep," by Judge, "The Man from Missoula," "The Big Drum Major," and "Harmony," a monologue.

Camp Notes.

Funny, isn't it? Manager Landon put bed time an hour later Sunday night and told everybody to sing and have a good time until midnight. At 11 o'clock it was almost quiet, and thirty minutes later nearly everyone was asleep. In only one or two tents was there any wakefulness, and it did not disturb anybody.

Everyone was so tired and so sleepy that the only good time to be had was in sleep.

However, a number of industrious persons felt it necessary to get up early this morning and left 5 o'clock calls. Steve Viles had a hard time getting them up, but when they were roused they forgot their important business downtown and began to wake everyone else. Pillows, ice water, shoes, screams, and words flew back and forth, while tents, tired from ten days of duty, suddenly and quietly sank in upon the occupants.

* * *

How do they take the big tent down? where do they start? some people have asked. Listen, this is the way it's done: First all of the quarter poles are taken down. The quarter poles are the middle-sized ones. Then the canvas is let down from the center poles by block and tackle. Next the small poles are taken out, ropes and stakes pulled up, the canvas is unlaced and rolled into eleven big, neat bundles, and the center poles are taken down last. Easy, isn't it?

A lucky accident occurred in the taking down of the tent this morning. When quarter poles were removed the weight of the canvas broke the hooks which held it to one of the center poles. The sudden drop of that part of the canvas to the ground almost snapped the other center pole in two, and it was only by quick work on the part of the tent men that a smashup was avoided.

* * *

Misses Ethel, Golden and Vera Wells and Miss Opal Edwards entertained at their tent in Chautauqua camp Sunday at dinner Miss Margaret O'Donnell, Mr. James Felix, Mr. Sherman Montgomery and Dr. Jesse Wallace.

* * *

The hostesses of Camp No. 13 at Chautauqua park entertained with a farewell theater party and luncheon at Reuillard's Saturday night in honor of Miss Agnes Emberson, who left on Saturday night for her home at Columbia, Mo., after a few weeks' visit as the guest of Miss Bessie Brown and Miss Emma Kildow. Those in the party were Miss Emberson, Misses Brown and Kildow, Floy Lyle, Ivy

PAROLED BY JUDGE

WOOD GAULDING DREW A PENITENTIARY SENTENCE.

SPECIAL TERM OF COURT

Allowed to Go Under Parole—Appeal Granted in Cox Case—Church Incorporated at Cylde.

An adjourned term of circuit court was held Monday, with Judge Arch B. Davis of Chillicothe as special judge, and Wood Gaulding, who has been in the county jail for a year or so, appeared in court and pleaded guilty and was given a sentence of two years in the penitentiary, but a new trial was granted, and he has been in jail since.

Gaulding was charged with grand larceny, or breaking into a box car at Ravenwood. His brother, James Gaulding, received a five-year term in the penitentiary, having been convicted of the crime at the February term.

The conditions of the parole as given by Judge Davis were as follows: Not to violate the law again, to keep good and respectable company and no evil associations; secure employment with some lawful concern; not to visit a saloon, club room, pool or billiard hall, gambling room or any other resort; not to loaf about a public place; not use intoxicating liquor or cigarettes, and to give a report at each term of court. Gaulding will have to give satisfactory evidence of living up to the terms and conditions of the parole at each term. The bond was fixed at $500.

Incorporation papers were filed Monday by the M. E. church of Conception Junction, and they will probably be taken up Friday by Judge Ellison. They desire to form a religious corporation, and the following are the names of the board of trustees: E. L. Lewis, Dora E. Ritchie, Elias Roof, John O. Coffman, Minnie Thomas.

Judge Davis granted an appeal to the Kansas City court of appeals in the case of the city of Maryville vs. John B. and Emma C. Cox, a paving tax bill case. The case was recently decided in favor of the defendants by Judge Davis, and there are seven more paving tax bill cases that will abide by the result of the Cox case. The appeal was taken by the plaintiffs.

Court adjourned Monday afternoon to Friday, when Judge Ellison will be on the bench and will take up several matters.

MRS. SARAH EVANS DEAD.

A Long Time Resident of Maryville Died Sunday Evening—Funeral Srvices Tuesday.

Mrs. Sarah Evans, a well known resident of this city, died at her home Sunday evening, 609 North Fillmore street, after a five weeks' illness, caused by a stroke of paralysis.

Mrs. Evans' maiden name was Sarah M. Moore. She was born July 26, 1833, in Pickaway county, near Columbus, O. In 1851 she was married to Jacob Evans of Columbus. They came to Nodaway county to live in 1883, settling on a farm four miles west of the city, where Mr. Evans' death occurred in 1885. Mrs. Evans continued to live on the farm until 1896, when she moved to Maryville and had since made her home here. Nine children were born to them, all of whom grew to manhood and womanhood. The youngest child, Bert Evans, died in 1893 in Nebraska. The eldest, Mrs. Parley Jones, died at her home, near Ravenwood, in 1895. Her sixth child, Jacob Evans, died June 27, 1912, in Butte, Mont. The other children living are James W. Evans of Bedison, Oliver B. Evans of Whittier, Cal.; Mrs. Mary Brantner of Columbus, O.; Chauncey Evans of Bedison, Perry Evans of Ravenwood, and Cora, wife of Charles Garrett, living northwest of the city.

Mrs. Evans was converted and united with the Methodist church in young womanhood in Ohio. She was a woman of strong Christian character and her trials made her faith stronger. During the pastorate of Rev. C. M. Chilton, she united with the Christian church of this city, and had been a faithful member.

Miss Charlene Bean, who has been visiting her sister, Mrs. Dan Holmes, for several weeks, returned to her home in Creston Monday, accompanied by her sister, Miss Dorothy Bean, who came to attend the Chautauqua Saturday and Sunday.

SHOULD HAVE CLEAN SHOWS.

President Taylor Suggests That a Committee Be Appointed to Examine Shows Here.

Dr. H. K. Taylor, president of the State Normal, spoke at the First M. E. church on Sunday morning, urging a general cleaning up of the city. Besides suggesting that the weeds be mowed and the yards and streets be kept clean, he spoke of a clean-up of the city in other ways, such as picture shows that are indecent and such shows as are generally at a street fair.

In speaking of the shows at the street fair, he said that last year there were many attractions here that should not have been permitted at all. He suggested that a committee of representative citizens be appointed to examine the shows at the street fair to be held this year, and if any are found indecent they should be put out of town immediately. In talking of the picture shows, he said that there were many good pictures being shown here, according to what other people were saying. But that there were also pictures that should not be permitted at all, and that the people should be careful about permitting pictures to be shown that are the least way suggestive of wrong doing.

The remarks of President Taylor were well received by the audience that heard him.

Mayor Robey, who is president of the street fair association, when told about President Taylor's talk, said:

'There will be no indecent show at the street fair this year. I will be glad to have a committee appointed to examine shows that will be here, and I will do everything I can to see that none but shows that are first-class will be permitted here. I am going to have it so that every person can take his family to every attraction on the grounds."

APROPOS

Of a News Item in Saturday Afternoon's Paper.

"Aha!" said the spectator, as he sleuthed about town watching for the unusual. "This is indeed wonderful. The ordinary man never sees these little things of human interest. It is only the trained eye of the expert, the genius that glimpses and understands these little happenings. I must make a note of this.

"One house being built with a crockery foundation. The use of hollow tile a feature of the present building age. The first use of hollow tile in Maryville."

A wonderful perception is that of the spectator. Rather conservative in his statements, too, considering the fact that hollow tile construction was used throughout an entire house in Maryville four years ago.

Hans From of Clyde Arrested Monday On a Charge of Stealing a Buggy Whip.

Hans From of Clyde was arrested Monday on a charge of petit larceny. He gave bond for $200 and his case will come up at the November term of court. From is charged with stealing a $1.25 buggy whip from the buggy of Young Archer of that place.

A BRIDE AND GROOM

ARE VISITING RELATIVES AND FRIENDS IN NODAWAY COUNTY.

DR. AND MRS. J. E. KRAFT

Now on Honeymoon Trip—Have Been to New York and Will Complete Their Tour at Denver.

Dr. and Mrs. J. E. Kraft of Albuquerque, N. M., arrived in Maryville Sunday for a few days' visit here and at Quitman with Dr. Kraft's brother, James Kraft and other relatives. Dr. Kraft was formerly a resident of this city, having practiced dentistry here for a number of years, and is well remembered by many. He has been at Albuquerque for the past nine years, or ever since he left Maryville.

Dr. Kraft was married July 31 at Hinton, Ia., to Miss Elizabeth Schneider, and the young couple are now taking their moneymoon trip. They arrived in Maryville from New York City and will go from here to Denver and Colorado Springs.

The Albuquerque Journal of a recent issue, in speaking of Dr. Kraft's marriage, said:

An interesting bit of news to society, business circles in general and professional circles in particular, concerns the marriage of Dr. J. E. Kraft of this city to Miss Elizabeth Schneider of Hinton, Ia., at that place a week ago Wednesday.

Dr. Kraft's many friends in this city had no inkling of matrimonial proceedings and will be greatly surprised to know the well known dentist is honeymooning in New York at this time. His bride spent some months in Albuquerque last winter with her father and mother and a younger sister, returning to their home in June. Just a few weeks later the mother, for the benefit of whose health the family had wintered in this city, died, so the marriage of Miss Schneider and Mr. Kraft was a very quiet affair, and the couple left Hinton immediately for a trip to New York, after which they will visit Denver and Colorado Springs, expecting to return to Albuquerque early in September.

Dr. Kraft is prominent in this city, a leading dentist and largely interested in real estate. His bride is a charming girl and made a number of friends during her stay here, who will be glad to welcome her as Mrs. Kraft.

THE DEFENDANTS WON.

Judge Davis Here Monday Informed Attorneys of Decision in Conway-Robinson case.

Judge Arch B. Davis of Chillicothe was in Maryville Monday sitting as special judge in a number of cases. He informed the attorneys interested in the case of Mrs. Richard Conway vs. F. P. Robinson and Mrs. Theodore Robinson for dower rights, which was tried before him a few months ago, that he had decided the case in favor of the defendants, and that his official decision would be given at Gallatin next Monday, where he will hold court. The case was a very important one, as it is estimated that it involved about $40,000.

An appeal by the plaintiff's attorneys will be taken to the supreme court. The attorneys for the plaintiff were Fred Harvey, William G. Sawyers and M. E. Ford, and for the defendants F. P. Robinson and Cook, Cummins & Dawson.

Will Sail Wednesday.

Rev. and Mrs. Joel B. Hayden will sail from New York at 1 o'clock Wednesday morning for Poland. Mrs. Hayden, formerly Miss Hazel Petty of this city, will receive a budget of letters from a large number of Maryville friends when she boards the steamer Martha Washington of the Austro-American line, on which they will make the ocean trip. The letters were mailed from Maryville on Saturday, and each one contains a date for opening, so she will have letters to read each day on the boat. They will be nine weeks on the water.

Mrs. E. A. Rask of Chicago is visiting her mother, Mrs. S. F. McCrary.

HAS THREE RINGS.

Under the Largest Tent Ever Constructed, Yankee Robinson Presents Great Performance.

The Yankee Robinson circus is just as big as it can get. It has three rings and two elevated stages—and that is as large as any circus can grow in this day and age. The entire performance is given in the three rings and the stages—is presented in such a manner that no matter at what angle you are seated in the canvas you can see every act—sometimes fifteen of them going on at one time—with perfect ease. The Wild West performance takes place on the race track, so that every part of this performance passes you from two to three times.

The big show will appear at Maryville on Thursday, August 29.

CONGRESS MAY END THIS WEEK

Some Important Legislation Remains to be Acted Upon.

EXPECT TO FINISH BY THURSDAY

Date Depends Largeely Upon Mr. Taft's Attitude Upon Canal and Appropriation Measures—Agreement on Naval Bill Expected.

Washington, Aug. 19.—Important legislation that must be acted on before congress adjourns stands as follows:

Panama canal bill, before the president. Legislative, executive and judicial appropriation bill, approved by the house and now before the senate. Naval, sundry civil and army appropriation bills, in conference. General deficiency appropriation bill, before the senate committee. Indian appropriation bill, conference report pending in the senate.

Up to President.

While adjournment is expected this week, the date is generally conceded to depend upon the president's attitude toward the Panama canal bill and the legislative, executive, judicial appropriation bill. His veto of the latter measure last week was based upon its provisions for the abolishment of the commerce court and the establishment of a 7-year tenure in the civil service, and the house has again risked the veto by passing the measure with the commerce court provision in it. The senate will determine early in the week whether it will indorse the measure in this form.

Leaders of both houses are confident the remaining work on the overdue appropriation bill could be disposed of in three days were the contingencies of the presidential veto removed.

Opposes Free Canal Toll.

The president has made it clear to members of both houses that he does not favor the free toll provision of the Panama canal bill, but he has not as yet asserted a purpose to veto that measure.

This far congress has not succeeded in overriding any of the president's vetoes, and it is not considered probable that either the legislative appropriation bill or the Panama canal bill could be repassed by a two-thirds vote if vetoed this week.

Ask Compromise on Naval Bill.

The house asked the senate to compromise the naval fight on a one battle ship basis, and an agreement on the naval bill is expected immediately. Other measures will not take much time. The senate will take up the 6-year presidential term resolution, the uniform bill of lading measure and the bureau of labor bill this week. All legislation, aside from appropriation bills probably will be laid aside, however, in the desire to complete the session by Thursday, or at least by the end of the week.

EARTHQUAKE ROCKED ARIZONA

Heavy Shock at Williams Was Felt Over Radius of 100 Miles—No Lives Lost.

Albuquerque, N. M., Aug. 19.—Williams, Ariz., 400 miles west of Albuquerque, was severely shaken by an earthquake shock. The shock lasted from 2:05 to 2:10 o'clock. Buildings rocked on their foundations, windows and crockery were broken and the inhabitants of the town were greatly frightened. Shocks were felt as far east as Winslow, 100 miles. Holbrook, another town nearby, also was severely shaken. No lives were lost as far as is known.

FAT FEE FOR ASTOR PHYSICIAN

New Baby Means Payment of Approximately $45,000 Before Doctor's Services Are Ended.

New York, Aug. 19.—If reports are true, John Jacob Astor VI is the most expensive baby ever brought into the world. Gossip among physicians is that Dr. Edwin Bradford Craigin, who is responsible for the safe advent of the baby, is receiving $1,000 a day while in attendance on Mrs. Madeline Force-Astor and her young son. It is estimated that the doctor will get a fee of about $45,000 before his services are ended.

Would-Be Suicide Lost Nerve.

Guthrie, Ok., Aug. 19.—Meed Ralston, the confessed murderer of his stepmother at Helena, several weeks ago, said he intended committing suicide about two weeks before the murder, but after removing his shoe and placing the rifle against his breast, his nerve failed him because his heart fluttered and frightened him. He is being held in the Alfalfa county jail at Cherokee for trial in November. It is believed he is insane.

No State Ticket.

Little Rock, Ark., Aug. 19.—At a meeting of the state central committee of the Progressive party here it was decided not to nominate candidates for state or county offices, but to confine all efforts to getting votes for the presidential electors nominated by the party.

NOT THROUGH WITH DARROW

ACQUITTED LABOR LAWYER MUST FACE SECOND TRIAL.

District Attorney Announces That Second Indictment Will Be Prosecuted at Once.

Los Angeles, Aug. 19.—Clarence S. Darrow, the Chicago lawyer, who was found not guilty on the charge of having bribed a prospective juror in the McNamara case, must stand trial on a second indictment. This announcement was made by District Attorney Fredericks immediately after the acquittal.

Mr. Darrow was deluged with telegrams from all parts of the country, which began pouring in within an hour after the verdict had been given. They came from labor organizations, leaders of organized labor, intimate friends and unknown admirers. Most of them were from Chicago, the scene of most of his professional activities for a quarter of a century.

Mr. Darrow's attorneys expressed incredulity when informed that there would be a trial on the Bain indictment. They asserted that all of the evidence in the Bain case had been submitted in the trial just ended.

Two o'clock has been fixed for the setting of the trial of the second indictment against Darrow—that charging complicity in the attempt to bribe Juror Bain. Mr. Darrow announced that he would make no plans for the future before that date.

The jury that acquitted Darrow was composed chiefly of ranchers, a third of its members being orange growers, and a majority of the twelve independently wealthy.

OPEN HOSTILITIES IN KANSAS

Mimic War Begins, With 6,000 Troops in Field—To End in Great "Battle."

Fort Leavenworth, Kan., Aug. 19.—With 6,000 troops in the field, supplied with thousands of rounds of blank ammunition which will be used when the Red and Blue armies meet, the biggest mimic war ever held in this state began today. The maneuvers will continue for ten days.

It is known that there will be a spectacular "battle" in which all forces will take part, near the Soldiers' home on August 27. In this engagement men will be "killed" and "wounded" and technically buried or take nto hospital tents. The tag system will be used to identify the dead and wounded. Tags will also be used during the maneuvers to distinguish bridges that have been technically destroyed. When the enemy reach one of these, they must find some other means of crossing.

Infantry, cavalry, artillery, engineers, signal corps, ambulance companies—every branch of the army will be represented in the warfare. The engineers will be called upon to do the most extensive work ever undertaken by this branch of the army in maneuver work in the West. As the engineers battalion at Fort Leavenworth holds the world's record for building and tearing down pontoon bridges, some clever work can be expected of them on the march from Merriam to Leavenworth. The signal corps are supplied with the latest in wireless telegraph and wig-wagging apparatus, and these will be used to a great extent during the maneuvers.

MICHIGAN STORM KILLED TWO

Teriffic Electrical Outburst at Niles Raged Continuously for Twenty-Four Hours.

Niles, Mich., Aug. 19.—Two men are known to be dead and property damaged to the extent of many thousands of dollars as the result of a terriffic rain and electrical storm which struck Niles and raged continuously for twenty-four hours. Train service of the Michigan Central railroad to and from Chicago was wrecked, and no trains will be running on schedule for 24 hours. Other roads also sustained damage. Several freight cars were washed into the St. Joseph river.

Herman Villwock and Otto Feather were killed by lightning while standing in Feather's barn. C. W. Hushower of South Bend was struck by lightning and injured severely. Three men who were with him were uninjured.

Loyal Order of Moose Convention.

Kansas City, Mo., Aug. 19.—The supreme convention of the Loyal Order of Moose opened here today with delegates present from 1,100 subordinate lodges located in every state in the Union except one, Canada, Hawaii, the Philippines, Canal Zone, Peru and Germany. The membership of the order is now nearing 400,000. Probably the most important legislation to be enacted at the convention will be for the establishment of a Moose university devoted to industrial education and scientific farming. Arthur H. Jones of Indianapolis is the supreme dictator.

Confederates to Warrensburg.

Liberty, Mo., Aug. 19.—Warrensburg was selected for the next state reunion of the Confederate veterans, to be held September 26 and 27. The naming of the place for the meeting was made by Maj. Gen. J. W. Towson of Shelbina, Mo., W. H. Ferris of Paris and Will Hall of this city. The reunion was held last year at Lexington.

SOMETHING NEW IN POLITICS

Acting Chairman of Democratic Party Springs Unique Plan.

WANTS OTHER PARTIES TO JOIN

Proposes to Keep Card Index Record of Expenses, to Be Made Public—Banks to Receive and Check Out Cash.

Seagirt, N. J., Aug. 19.—The Democratic national committee proposes to show that it is possible to take an honest record of expenditures and that it is an absurdity in politics that campaign managers rely chiefly on members for records of such expenditures. To prove the proposition the national committee has installed in headquarters in New York under the direction of T. P. Artaud, a bureau which will operate such a system of accounting that when the campaign is wound up there will be shown in duplicate, both in New York and Chicago headquarters, a complete record showing every dollar spent in the campaign, how it was spent and to whom it was paid.

Two Vouchers for Every Item.

The important feature of the system is that there will be two vouchers for every item of expenditure and each voucher will pass through its separate channel, so that each will be a check against the other. There will not be a chance for an item to escape the record. The system will be based on a budget that has been worked out pretty well as to the approximate cost of the campaign. It is expected there will be something between $500,000 and $1,000,000 spent in the campaign.

There will be a similar system installed in the Chicago headquarters of which Joseph E. Davis will have the direction. It is claimed for the system that it makes for the greatest measure of efficiency and economy. A model of the system hangs on the wall in national headquarters in New York and it shows that the speakers' expenses, the number of miles charged for, the pay of every employe and where every small item of cost will be covered by the duplicate voucher plan. When the campaign work ends it will be a most scientific record of the expenditures.

Same for All Parties.

Banks and trust companies throughout the country are to be asked to receive and transmit to their proper source subscriptions to the campaign funds, not only the Democratic, but of the Republican and Progressive parties.

The idea that the popular subscription movement was directly in the line of freeing presidential campaigns "from the suspicion of sinsister influences" is expressed by Mr. McAdoo, who urged the need of convenient and responsible agencies for the receipts of subscriptions and asked the banks and trust companies to perform the service.

TEN EYCK RESIGNS FROM K. S. A. C.

Was First Head of Agronomy Department and Organized Work in Farm Management as Now Taught.

Manhattan, Kan., Aug. 19.—The Kansas Agricultural college is to lose another one of its valuable men. A. M. Ten Eyck, superintendent of the Fort Hays experiment station, has resigned. The resignation, to take effect January 1, next, was accepted by the regents of the college. Until his successor is chosen G. K. Helder, assistant superintendent of the Hays station, will be in charge there.

Mr. Ten Eyck was the first head of a department devoted solely to soils and crops. To him belongs much of the credit for building up this department to its present usefulness to Kansas farmers. He also organized the work in farm management and farm mechanics now taught at the college.

All over Maryville you hear it. Doan's Kidney Pills are keeping up the good work, curing weak kidneys, driving away backache, correcting urinary ills. Maryville people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Maryville citizen's advice and give Doan's a chance to do the same for you.

Mrs. James Fisher, 804 East Fifth street, Maryville, Mo., says: "In the summer of 1911 I began using Doan's Kidney Pills, which were procured at Love's drug store (now Love & Gaugh's drug store) and I found that they gave me relief from hard, dull backaches and pains in my loins and sides. I heartily endorse Doan's Kidney Pills and I am positive that they are a dependable medicine."

KANSAS PRIMARY VOTE IS COUNTED

Stubbs and Thompson Are Nominees for U. S. Senate.

"WET" CANDIDATE IS DEFEATED

Hodges Beat Billard for Democratic Nomination for Governor, by 8,787 —Capper Vote in Many Counties Twice That of Ryan.

Topeka, Kan., Aug. 19.—Senator Charles Curtis has a popular majority of 676 over Governor Stubbs and Hugh Farrelly has a popular plurality of 1,572 over W. H. Thompson. But Stubbs and Thompson have the Republican and Democratic nominations for United States senator. Stubbs carried 101 legislative districts and Curtis 64. Judge Thompson has 76 districts and Farrelly 74, Bond six, Allen eight. One senatorial district, Sumner, is a tie in the Democratic primaries.

Governor Stubbs had a total popular vote of 57,832 and Senator Curtis had a total popular vote of 58,508. Hugh Farrelly had a total vote of 19,241, while Thompson has a total of 17,669.

Three Counties Still Out.

The official figures on all the counties of the state have now been obtained. There are three counties still missing from the office of Charles Sessions, secretary of state. They are Linn, Chautauqua and Trego, but the gures on governor and United States senator for both the Republican and Democratic parties were obtained by telegraph and added.

Party Vote Shifted.

The figures show a remarkable loss in the Republican vote and a big gain in the Democratic vote. The Republican vote was 21,455 smaller than two years ago while the Democratic vote was 19,557 more than that of two years ago.

On account of the extraordinary interest in the Stubbs-Curtis fight this year it was expected that the Republicans would beat all previous primary records and poll at least 150,000 votes, but the Republicans did not go to the polls. On the Democratic side the senatorial and governorship fights were expected to bring out an increased vote, and they did, as is shown by the 14,000 increase in the totals of that party.

Charles Sessions, Republican candidate for secretary of state, had no opposition and he polled the largest Republican vote, 87,831.

Hodges Won by 8,787.

Hodges beat Billard for the Democratic nomination for governor by a plurality of 8,787, and he has almost as much plurality as the total vote given A. M. Jackson, the third candidate in the race. Hodges polled a total of 29,293; Billard, 20,506, and Jackson, 10,672.

Arthur Capper beat Frank Ryan for the Republican nomination for governor by 47,297. Capper polled 81,513 votes and Ryan 34,216. Ryan carried only one county, Leavenworth, and in many counties Capper's vote was twice and in a few instances three times that given Ryan.

RUNAWAY AT CLYDE.

Dan McQuinn and Family Hurt While On Their Way to Church Sunday Morning.

As Dan McQuinn and family were driving to church Sunday morning about 10 o'clock from their home, two and a half miles east of Clyde, they met an automobile at a corner near town, driven by George Weiderholt, who was returning to his home in the same neighborhood with McQuinn. Neither driver saw the other until they were nearly onto each other. In trying to guide his horses to one side, the horses made a quick turn and turned the buggy over, and Mr. McQuinn and family were dragged in the buggy top. Mrs. McQuinn suffered three broken ribs and a gash under one eye. Mr. McQuinn's back was badly wrenched and his head hurt. Their three children were with them, and the 3-year-old boy was the only one injured. They were cared for by Dr. Stuckle and taken to their home.

Mr. and Mrs. J. P. Anderson of Cosby, Mo., were Chautauqua guests of Mrs. A. B. Gibson Saturday and Sunday. Their daughter, Miss Edith Anderson, a high school student of this city, attended the full course of the Chautauqua.
